- Seismic trucks on Hwy 11 w/ operations
- Protesters are parking on private property and protesting on side of Hwy 11
- Few protesters were at Caledonia
- SWN looking @ evening ops
- 3 arrests

Roundtable:

- SWN Get what they needed from DTI? YES now working w/ RCMP to get times figured out

- DPS - DEM will wind affect seismic work? YES

- JAG → 3 people arrested yesterday
SWN is seems to be ~~understanding~~ understanding that less people protesting

end 11:40

Current Sit:

- Lawful & Unlawful in Kent
- Low Key, maintaining significant presence until trucks are out.
- SWN wants to loop extended geophones in case they have to move
- 10% of geophones damaged.
- looking for a day time logistics area
- truck (recording) can't move during recording
- looking @ DTI compound.
- large amount of social media reporting
- cyber activity not evident of linkages
- but likely

Roundtable:

AAS: letters for reserve land extension has been ~~sent~~ sent to Volcourt.

- Coradore: test pads on private land no duty to consult however feedback from FV likely to occur

DPS: OAG will speak to SWN's lawyers about the meeting and injunction

- injunction might challenge crown's exploration policies & the right to grant

Date

to grant exploration licences

ADM Telecon

Date Nov. 14 2013

Current Situation:

- hwy 11 is blocked by protesters
- multiple online calls for anon. in 2 days time

AFS:

- are the peacemakers playing any role? they were involved last night.
- [REDACTED] conditions do not allow him by the trucks, he is often a voice of calm.

RCMP & Public different operational readiness use directorate account

→ issue sit report to ADM Comm.

- DTI • DEM • DNR • AAS
- DPS • ~~ADG~~ • OAG

ADM TELECON AUG

Date Oct. 22 2013

Current Situation:

- Yesterday what comes next things are quiet not necessarily calm
- RCMP is re-evaluating resources & posture

Roundtable:

- DTI — Nothing
- OAG — Nothing
- DNR — Department receiving notification that Saint Marys doing a hunt will flip email. will confirm with Northcliff
- DEM — Important that Northcliff is aware ongoing work lots of people in the area. Hunters & media to be aware the area is important
- AAS — Nothing
- DEM — What is going to happen w/ SWW
 - what is the process if they do start up again
- No process currently, DPS ~~SWW~~ / RCMP to engage w/ community
- No one knows SWW's plan, plan to communicate w/ SWW's Corporate Office
- If decision is made everyone needs

Engagement w/FW

Date

- Everything is high level nothing planned w/ assembly
- Communication w/ [REDACTED] has been limited, he is still working in the community according w/ PCUP
- he has been notified that his contract is done at the end of the 4 month

Municipalities

— reach out to Dave Shellberg.

Other Resource Development:

- Atlantic Potash done seismic program
- Onondore → Sussex
- Contact → Albert County
- Both there isn't as much of AFW
- Resistance Hillsborough! may attempt to include.

TransCanada

- Sisson Mine

• Next few days will be telling on the situation

• Continue meetings?

will only communicate if tension is building on there is a lack of information overall.

Date

- NorthCitt DDS, will continue research
- DEM will continue engagement on Atlantic potash
- ~~DDS~~ DDS will touchbase w/DEM on conference-

DEM:

- Spent 3 hrs with assembly on finding no agreement or path forward
- PO engaging w EFN on various issues.
- Energy East: Transcanada in town next week, interdepartmental committee going forward
objective: first meeting engagement FN & communities
- Goal to follow the project
- Likely to meet every 2nd & 3rd month.
- Sisson Brook: Update?
• No updates, wasn't a FN artifact notified everyone right away, currently being reviewed re significance.
- DPS will follow up w/ Northcliff.

DNR:

- Have provided Robies to RAMP in Bouchette
- Other departments be aware there may be old chatter just be aware. Communicating intel w/ RAMP.

Date

- DPS has deployed our peace officers to check. ~~to~~

DELG: -

- ~~the~~ EIA with coradere technical review committee re-write of Security section.
- Contact - last week we got a filing on Security program re-write contacts need to be made.
- Sen will deployed seismic trucks tomorrow, ~
- Speak tomorrow

end 12:05

- Neil Jacobson
- Kevin Mole
- Sadie Perron

• Shawn Hearn

- 
- Dave Shellenberg

Current Situation:

- dynamic
- RCMP enforced an injunction
- ~~is~~ longhly / Significant consequences
- sympathy protests in Ontario, QB, ON
- ~~work~~ ops / small protests having impacts
- Hwy 2 207 Exit commercial, CNG
- Hwy 102 reduced to one lane
- Van Horn, 1 lane
- Hwy 2 in Woodstock & Perth
- Protest in F'ton
- Meetings w/ SWU & FN leaders
- So significant move to come into province into NB from outside
- ~~is~~ McCain Cannot Run backup
- ~~is~~ Supply
- Lepreau expected shut down tonight
- Significant goals on Mon

- CI is being informed
- Gov with partnerships may receive calls.
- Calls for lawful & (Unlawful) protests

2 Narratives:

- Special Envoy from FN, Throne Speech next day PM sent into RCMP
- RCMP used rubber bullets ~~on~~ on women, elders & children
- Situation is not fully ~~resolved~~ resolved
- Court in moncton GNB is a party to the ~~the~~ issues w/ GNB
- Judge did not make a decision Mon. May extend the injunction
- Injunction hearing is done.
- Give Tweets on criminal issues
↳ Call Andrew.
- GNB was not a named party
Judge declined both hearings
- This week it ~~is~~ was decided
Judge granted GNB ~~is~~ ~~as an~~ intervention. in temp and perm court (action)
- ~~SIDEA~~ ~~that~~ is affected because of ~~linances~~ ~~linances~~

ADM Teleconference AUG

Date Oct. 15 2013

- EUB
- DEM
- AAS
- ECO? x
- DNR
- DTI
- DPS

Cement Situation:

- Protest on the ground approx 30 overnight 100 during day
- Calm
- Injunction published in TJ AL
- [REDACTED] come out of sweat lodge Sunday, contact has not been made.
- Premier reached out to SEN yesterday unable to make contact may have changed in the last hours
- No cement negotiation
- DTI if injunction is putted is it considered solved? yes?

Roundtable updates

- AAS → No have you heard from SEN?
- DEM → hasn't reached out to SEN
- DTI → Communications w/ RCMP is going well no known issues... with road closures.

— end 11:38

IDEAL Conference
Nov. 3-5
@Delta.

Date Oct. 16 2013

- Key people? Premier / Minister?

- FN → Special guests?

- [REDACTED]
- [REDACTED]
- [REDACTED]

Entrance fee:

#113 • Council of Canadians

- well sponsored

- SWN?

- SiSSon Brooke

- Delta Security

- Tuesday.

- Nov. 5 leg opening

- website, industry mag.

290-350-400-450

Schedule on website.

Current Situation:

- ~~Still~~ hopeful that ~~optimism~~ engagement
- one confrontation last night
- reportedly that a physical altercation may have taken place.
- Protesters are not allowing shift change not a huge change
- ~~\$~~ [redacted] still Keystone and unavailable
- Lack of clarity ~~is~~ ~~not~~ ~~RCMP~~
- SW may still physically drive injunction,
- hearing date on Friday, protesters may attend.
- Protesters trying to get national media attention
- Protest will likely continue & high order scenario
- The threat is still ~~high~~ high
- Legal hearing on Friday
- Efforts are still ongoing with EPU

Roundtable Discussion:

- DII → SW requesting use of scale site for seismic equipment will be followed up w/ district more info needed.
- Next few days dynamic

Current Situation:

- Situation is calm but the threat remains the same
- Protesters approx 30 overnight
- meeting 1-3pm @ [REDACTED] w/ a few councillors in Ft. York
- continuation from yesterday
- large amount of ~~the~~ dis-info
- Miqmaq warrior society believed they were not invited, local residents
- no one was upset, Ft York humble environment people less-so
- still significant concerns
- See intel report
- Potential scenarios
- 24-72 hours
- ~~Daily~~ Recommendations
- ~~Encouragement~~ Encouragement of advice for going forward.

✱

Roundtable:

- AAS event at the St Gov house to mark the 250th Anniversary. Chiefs will be there Premier will be there.
- DEM is willing to forward info about seismic testing if needed.

ECO

calls

Date

~~DELS~~ - putting all info through
DIO .. adjust messaging & strategies

- important to have a formal process for communications.
 - DELG: ~~to~~ Only sense of when SEN when to serve the injunction
 - The injunction only clarifies what is legal and not legal.
 - Useful tool
 - SEN is fully responsible for serving
 - Once served it is up to RCMP to enforce.
 - DTL - still looking at re-routing plan.
 - AAS - potential signing ceremonies comprehensive list of events may be beneficial for this group. as they may have impact moving forward.
 - Beneficial for ADM and DM level.
 - ECO does this now, perhaps pass this list and get updates to send to ECO
 - DM meetings being extended 3 more days
 - appropriate advice tomorrow
- end 1203 hrs.

EDT AAS
ECO
DEM

~~Current Situation~~

- SEE Powerpoint
- Injured protesters overnight
- AAS: Confusion on the ~~spot~~ ground especially on the position of the chief
- The company is required to serve the injunction
- Meeting today on the protest site
- AFIN has not made other comments about shale gas, corporate body is elected body
- needs to be a balance between FID & Non-FID
- Next range of contingencies
- Permitting issues on extended days?
 - DEM - no requirements additional
 - EDT - NO

Current Situation:

- 70 protesters 30 overnight 100-120 during day.
- ~~new~~ reactions is mixed on the ground, activists are negative also seems aligned with Band Council.
- Peacekeepers are out
- Some ~~is~~ ~~the~~ vulnerabilities reactions to news article / deal.
- ~~BCR~~ BCR, document of who committee will be. approx 20
- Consistency around the table
- Expectation of date of first meeting unknown.
- Changed chair to [REDACTED]
- info is at the protest site fully aware? yes. will be ~~of~~ sanding.
- govt correspondence in the morning
- ~~BCR~~ BCR - 2 streams equip / council
- [REDACTED] - warrior group not sure what role they will play.
- Optimistic for equipment removal acceptance from other Elders.
- Progress is excellent RCMP in agreement some may not listen to BCouncil.

Date

- How will this manifest tomorrow
- Hopefully peacekeepers can mitigate
- Jean Finn: Committee focus on shale gas exploration technical side ~~and~~ engagement/consultation.
- Province can discuss with EFN on other issues (non-shale issues)
- DPS is concerned, will depend on how the committee
 - goes to appropriateness
 - is this being put on paper to PMO
 - A lead is needed on the file.
 - Need to get out in front not just reacting to protests.
- The overall issue needs to be addressed
- Needs a more regular sustained effort is needed.
- Group meeting needed and go through
- DPS will try to get a meeting on Friday. w/ document.

Jean: Document for Friday

DPS: clear picture on 2 items.

Current Situation:

- Eventful day yesterday.
- Security sit: protest remains in place, slight increase in numbers.
- dialogue from a group to be formed
- terms of negotiations not public
- short term focus.
- comments re- SWN ops tentative
- no immediate change re protesters
- response to neg. positive - neutral
- peacekeepers good reports
- Premier neg: [REDACTED] & Council & peacekeeper
- Warrior society had a letter delivered (~~a letter~~) delivered to Houston SWN head office.

Roundtable:

- DTI: Evening testing must go through DTI re safety requirements
- FAS: A hope that if SWN moves equipment that peacekeepers can convince people who plan to stay to leave.
- DEM: Concerning that people still think SWN is fracking right now.
[REDACTED] interview

Next Steps:

- ~~For~~ Other Resource development advice.

- Lack of consultation

perhaps have a meeting

- AFN groups (EIS) seem to be aware

Comprehensive FACT-Based communication challenging inaccuracies.
